Dog River, Ontario

A Subsidiary of Tremco Incorporated

50 Beth Nealson Drive, Toronto, Ontario M4H 1M6 • www.weatherproofingtechnologies.ca

Patch & Repair Proposal

MM/DD/YYYY

We are pleased to submit our Patch & Repair proposal. We extend this submission and all information contained herein for your evaluation, feedback and recommendations for further refinement.

Small roofing problems can become large, expensive issues. Addressing them early helps prevent premature deterioration and keeps your roof watertight.

We recognize the importance of delivering roof management services and projects in a professional, timely, cost effective and efficient manner. We are confident that Weatherproofing Technologies Canada's qualifications, experience of team members, and management approach will yield long term beneficial rewards. We plan to deliver outstanding service using quality processes, proven methodologies and a team-oriented approach.

Sincerely,

Dave Mundy
Senior Field Advisor

Patch & Repair Proposal

Project: Soffit Repair Report for 105 Robinson St. Oakville

Scope of Work for Roof Overhang Replacement

- Crew will use scaffolding or boom lift to access the failing area.
- 40 feet of shingles on the south side over hang will have to be removed 5 feet up from the perimeter
- Wood over hang will be dismantled and discarded.
- New structural joist will have to be installed
- New plywood decking will have to be installed
- New shingles will have to be installed
- New soffit will have to be installed
- Price is based on a service crew including materials, labor, and disposal to an off site dump.
- After project is complete a report and pictures will be sent to KMH Management

All work to Canadian Roofing Contractors Association, Ontario Industrial Roofing Contractors Association specifications and best roofing practices. All metal work in accordance with the Architectural Sheet Metal Manual, third edition, as issued by the Sheet Metal and Air Conditioning Contractors National Association Inc.
